Subject to audit, it is expected that the Group will realise a gain on transaction of approximately US\$49.4 million. The Group has accounted for US\$46.5 million attributable to its holding in Weichuan to other incomes in the financial statements of the Group for 2010, and the dividend income has been accounted in the financial statements of the Company for the years ended 31 December 2010 and 2011, and for the six months ended 30 June 2012. The Directors currently intend to apply the proceeds in connection with the Disposal as general working capital of the Company and other expenditure.

REASON FOR THE DISPOSAL

The Group specializes in the production and distribution of instant noodles, beverages and baked goods in the PRC, which is different from Weichuan's main

operation. In order to focus on the Company's core business and to decrease the investment in financial assets gradually, and in view of the current market price of Weichuan's stock, the Disposal represents a good opportunity for the Company to realize its gain from its investment in Weichuan.

The Directors, including the independent non-executive Directors, are of the view that given the consideration for the Disposal was based on the prices of the shares in Weichuan traded on the Taiwan Stock Exchange, the Disposal was concluded under normal commercial terms, and was fair and reasonable and in the interests of the Company and the Shareholders as a whole.
