39.或然負債

38. Commitments (Continued)

The above operating leases include a lease from the Group's associate of certain property for a period of 25 years. The lease commitments above include only the related commitments for future basic rentals and do not include commitments for additional rental payable, if any, by reference to certain consumer index. The contingent rental adjustment represents embedded derivatives in the lease contracts, which have not been separately accounted for as they are considered as closely related to the host lease contracts.
